

Federation Homes
Case Statement and Bequest Plan
Tree of Love Legacy Campaign

Introduction.

Federation Homes has been providing affordable, safe, secure, supportive housing for low-income seniors and disabled individuals in the Bloomfield area since 1982. Beyond housing, the mission of Federation Homes has been to promote independent living for our tenants for as long as possible. Experience and research have shown that people can live independently as they age, if they are in a living environment that provides more than just shelter. We provide our tenants with a diversified educational, cultural, and social calendar of activities and programs to enhance their quality of life. In addition, assisted living, home care services, health and wellness, and social services are available on site through Hebrew Health Care and Jewish Family Services.

The professional staff at Federation Homes provides numerous opportunities for social interaction and activity, as well as the space and resources for neighbors to spend time together; all key ingredients for successful aging. As Federation Homes turns 25, we are extensively renovating our building to provide better energy efficiency, improve the esthetics of common areas, and complete necessary repairs.

Promise.

The Talmud teaches us that as we did not find the world desolate when we entered it because our ancestors planted for us, so do we plant for future generations. Through your generous gift or bequest to the Tree of Love Legacy Campaign you ensure the future of Federation Homes. Bequests can be directed towards our endowment fund, or to support tenant programs and services. Bequest funds can also be used to develop new programs, or be unrestricted. Participating in the Tree of Love Legacy Campaign is a way to make a significant difference tomorrow by doing something today. For information about creating or participating in an endowment fund or leaving a bequest or planned gift to Federation Homes, please contact Rona Rosenkranz, Executive Director, at (860) 243-2535.
