Jewish Community Foundation of Greater Hartford

Quarterly Donor Report | Third Quarter 2026 (As of September 30, 2026)

Fund Overview

The Jewish Community Foundation of Greater Hartford invests its charitable assets to support the community's current needs while preserving resources for future generations. Guided by the Jewish values of *tikkun olam*, *chesed*, *tzedakah*, *tzedek*, and *achrayut*, the pooled portfolio follows a total-return approach with a 5% spending policy and is broadly diversified across fixed income, domestic and international equity, real assets, and private equity. Its long-term objective is a return at least equal to inflation plus the spending rate (CPI + 5%). In October 2025, Wealthspire Institutional was selected to serve as the Foundation's investment advisor. In partnership with the Foundation's Investment Committee, Wealthspire Institutional has recommended thoughtful changes to the Foundation's Investment Policy Statement that include utilizing a more diversified international approach, increasing real asset exposure in the portfolio, moving towards a more passive investment strategy, and increasing the Foundation's investment in JLens, a Jewish advocacy vehicle.

Q3 2026 Performance

The portfolio closed the third quarter at $207.7 million, down 0.6% for the quarter but up 10.5% over the trailing year, net of all fees; the ending value also reflects $7.0 million in net distributions during the quarter. Returns trailed the benchmark over the past year but exceeded the Foundation's CPI + 5% objective over the trailing 1-, 3-, and 10-year periods. Rising interest rates weighed on bonds and other rate-sensitive assets, while U.S. large-cap stocks posted modest gains. Within the portfolio, the Foundation's JLens allocation gained 2.3% for the quarter, keeping pace with the S&P 500.

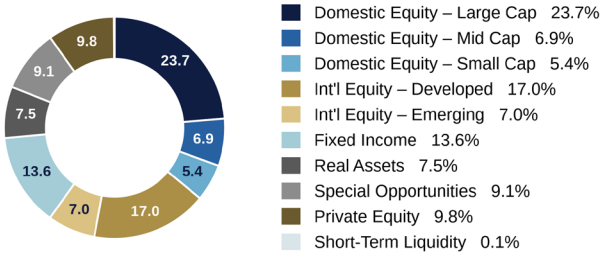

Annualized Performance vs. Benchmark (%)

	QTD	YTD	1 Yr	3 Yr	5 Yr	10 Yr	Since Incept.*
JCF of Greater Hartford	-0.6	8.5	10.5	13.5	6.1	8.8	7.1
Blended Benchmark	0.0	9.1	12.4	16.6	8.5	9.5	6.9
CPI + 5%	2.4	7.0	8.9	8.2	9.4	8.5	7.8

Calendar Year Performance vs. Benchmark (%)

	2025	2024	2023	2022	2021	2020	2019

Disclosures

Returns reflect the reinvestment of income and are net of underlying investment manager and Wealthspire Institutional's fees; benchmark returns are gross of fees. Individual fund returns may vary with the timing of transactions, and the weighted average expense ratio excludes venture capital and private equity holdings. The blended benchmark is a custom index weighted to the Foundation's strategic asset allocation targets, effective December 2025. Past performance is not necessarily an indication of future results, and investments carry the risk of loss of principal. Please contact a member of the Wealthspire Institutional team with any questions or to request the benchmark history prior to December 2025.
